RE: Letters to Kirsten, Maia and Boyer Halvorsen

These letters are official revisions to the letters that we sent in October 2006. The Halvorsens hired counsel who asked for both an extension as well as a clarification of certain properties. I have attached the lawyer's request to us for your information. These letters merely clarify property holdings. In weeks past, we granted their request for extension until April 31, 2007 orally.

We are not requesting additional types of information in these letters, so they are not really "follow-up" letters – rather they are clarifications. These are no more controversial than the initial letters we sent out.

If you have questions, I'm at x1813. Thanks

*Please note: there are two letters.*
